

Rex-Royal S 200

Rex-Royal S200 MCTI

The Rex-Royal S200 MCTI is also equipped with 2 instant powder hoppers for instant beverages. With the additional fresh-milk solution, nothing more stands in the way of the unadulterated enjoyment of coffee, instant and fresh-milk beverages. You can choose from a wide range of fridges as add-on units.

Features

Fresh Milk

Coffee

Hot Water

Instant Products

Advantages

- A proven self-priming milk system or optional integratable milk-pumping system for individual adjustment of the milk temperature; additional options such as cold milk foam or the dispensing of milk from an under-the-counter solution.
- Two large instant powder hoppers expand your hot beverage menu to include delicious chocolate or, for example, a vaniloccino.
- Due to the convenient cleaning of the instant version and the large capacity of the two instant powder hoppers, the S200 with instant is also especially suited to the office.
- High-quality, solid brewing unit for up to 15.5 grams of milled coffee per brewing operation.
- Mains water connection or fresh water tank (3.6 litres) with integrated filter cartridge; drip tray optional with fresh water tank.
- High-resolution capacitive, 7" colour TouchScreen for the programming of up to 24 beverages.
- Easy operation and care thanks to visual user prompts and automated cleaning.
- Modular construction of the coffee machine for short intervention and maintenance downtimes.
