

# SCS Compact

## SCS Compact CT

The SCS Compact CT is our entry-level model providing the high-quality Rex-Royal quality standards for professionals. Beside of the preparation of coffee and the dispensing of hot water, the high quality Rex-Royal brewing unit guarantees a constant piston contact pressure. The powerful pumps and the high-quality Rex-Royal grinders are a guarantor for a constant coffee quality during the whole brewing process. The SCS Compact CT combines the most modern technology with easy operation in a compact design. It is the perfect coffee machine for offices, convenience stores, takeaways, petrol stations etc. If required, you will be able to prepare two coffees simultaneously.

### Features

Coffee

Hot Water

### Advantages

- Capacitive touchscreen control panel up to 10 beverages. The functions are self-explanatory and harmonious. Stored programming settings can be easily transferred to other machines.
- Simultaneous preparation of two beverages.
- The proven, refined, Rex-Royal metal brewing unit containing up to 15.5 grams of coffee powder, guarantees, also for double products, an optimal extraction of the coffee grounds and ensures an outstanding coffee quality.
- The reliable stainless steel rotary-disk-pump with extreme efficient brushless motor guarantees a constant brewing pressure and consequently perfect coffee.
- Up to 175 mm outlet height.
- Modular construction of the coffee machine for short intervention and maintenance times.
- Swiss quality – Swiss Made
